## OUR PHILOSOPHY

CREATING :-

- "A good human being
- A good member of a family
- A good member of a community
- A good citizen of a country
- A good human being of the world "

## OUR CURRICULUM

The medium of instruction at Dev International School is English . We follow the Curriculum prescribed by CBSE New Delhi , from time to time as this is a recognised and affiliated educational institution to it.

This 'Center of Education' starting from KG to STD XII Science and Commerce stream also provides for advance learning facilities i.e JEE/NEET and Integrated course. This institution is a pioneer in excellent teaching and quality education.

We leave no stone unturned to expose our student with multifaceted skills to get into the world of wisdom and knowledge by providing an educational conducive environment.

## OUR FACULTIES

The soul of every school, while it resides in the students that pass through its halls, is guided, eventually by the teachers who acts as the torch bearers and help in channelising the learning within its walls. We realise that how important the teachers are in the lives of our students. They play very vital role not only within the class rooms but also beyond. We take our process of selection very seriously. Over and above this we also ensure that our teachers are empowered with a range of learning tools and periodic refresher programme, training and orientation sessions, show that they are always in touch with contemporary global learning practices and are able to use their skills as teachers to the fullest.

## EXTRA ATTENTION

We appreciate, understand, and believe that every individual student has his/her own entity and cognitive level creating a learning curve of their own and depict their level of performance. Still we strive and provide ample facilities such as Day Boarding Class, Evening Class, Remedial Class, Doubt clearing Class, Weekly Assesment Test (WAT) and Daily Practice Paper (DPP) for both STD XI and XII, as measures of our extra care to nourish their skill-up gradation in the area of study.
